Thank you for your support on November 4th!!!

On November 4th I won the honor of serving you for a 3rd term on the Elk Grove City Council!

Without your support and friendship I could not have done it. There are so many to thank. If I started to begin naming you I am sure that I would forget someone. Some of you worked behind the scenes. Others endorsed me openly, while others walked precincts a total of (51)! There were phone banks many of you working out of your homes. You let your neighbors and friends know who and what I stand for. Then there were the almost monthly fundraisers that were held that so many of you attended each one of them. My campaign was successful because of the financial support that I received. Given our present economy, having to raise money for me was the part that I didn't like. I know that it must have been difficult but you all came through when I needed financial help.

My promise to you is this "I will humbly continue to serve you with honor and integrity with an open door policy".

Again thank you all so very much.

Respectfully,
Sophia Scherman
Councilmember
